Dear Sir:

Your letter dated August 16, 1928, addressed to Mary Elegante at Helper, has been received and referred to me for answer.

Mrs. Elegante desires me to state that she had never agreed to the dividing of the water as stated in your letter. She also desires to have me state to you further that she is using only the water that has been decreed to her by the order of the Court under the decision handed down by the Supreme Court of the State of Utah in this case. In order that she get no water that does not belong to her, she has put a flume at Crystal Spring whereby all of the waters from the wash are permitted to go down to Mrs. DeMarco and she thereby obtains only the waters of Crystal Spring and Goat Spring one day a week as provided in said Order. I am sure that if you will investigate this matter carefully that there is no further trouble in this matter and that Mrs. Elegante is receiving only such water as she is entitled to and no more.

Very truly yours,

Henry Ruggeri
